## GERMANS SHOW SIGNS UNREST

(By Associated Press.)

COPENHAGEN, Mar. 29.—The demand for the immediate introduction of internal reforms in Germany, particularly in Prussia, which the Socialist radical parties have been advocating, has received a strong impetus from the Russian revolution. The Press, the organ of three parties, has declared the Russian revolution will leave Germany in a state of unrest.

## PLEADING FOR PEACE

(Continued from Page One.)

The American government has no knowledge of any development likely to change the present situation between the United States and Germany before Congress convenes.

If Germany contemplates any sort of peace move or has considered abandoning submarine ruthlessness, or if any other nation has a mind designed to alter the present international status, the government is without information on the subject.

Concerning German intrigues in this and other countries, the government has much information which it has not thought wise to make public.

The administration is said to be chiefly concerned at present with the form of action to be taken by Congress recognizing that Germany is making war on the United States and with preparedness measures.

JAMES FORMAN, of the Union Amalgamated Union Mining company, returned to San Francisco yesterday.

On leaving the White House Senator Huston, of Wisconsin, said his personal opinion was that Germany is making war on the United States and that the United States should recognize that fact. He added that he believed the people of the west were ready to support the president fully.

"Armed neutrality has not kept Germany from sinking our ships," Senator Huston said, "and therefore I think we should go further. Of course, I am opposed to war if it can be avoided, but we have no say in the matter. Germany is making war on us. I am not concerned with details just now. Just what steps are best should be left to the determination of the board of strategy, whoever that may be. Discussion of details at present only causes discord."

The preponderance of opinion still is that Congress will adopt a resolution declaring that a state of war exists.

## WOMEN REWARDED IN GREAT BRITAIN

CONCEDED SUFFRAGE BUT THE TIME FOR GRANTING DELAYED UNTIL AFTER THE WAR

(By Associated Press.)

LONDON, Mar. 29.—After an interesting debate the house of commons, by a majority of 279, expressed approval of legislation on the lines of the speaker's conference recommendations for franchise reform.

The great feature of the debate was the frank acceptance by ex-Premier Asquith and Andrew Bonar Law, chancellor of the exchequer, of women's right to vote as a result of
